

Education:

Third Year at University of California, San Diego
Bachelor of Science, degree anticipated June 2020
Major: Data Science

Objective

I am seeking a position that will help build me a long-term career in the Data Science industry with opportunities for career growth. I am an exceptionally fast learner and give my 100% to succeed in whatever I take up. I aim to bring my strong sense of dedication, motivation, creativity, and responsibility to the workplace, as well as utilize and enhance my Data Science knowledge. My ultimate goal has always been to work for a company that touches the lives of numerous people in a positive way through its products and technologies.

Relevant Skills

- Programming (Python, R, JQuery, Java, JSON, MySQL)
- Data Manipulation (Excel, SQL, Pandas)
- HTML, Javascript, CSS and Bootstrap
- Git/Source control
- Photoshop and Video editing
- Writing and editing articles to be published

Experience

Computational Neural Data and Dynamics Lab - Fall 2018 - Present

- Research assistant and web portal developer at UCSD Cognitive Science Research Lab.
- Working on project to maintain, improve, and expand web portal for neural epigenomics data
- Use of Python, R, MySQL, as well as web application development

BhajanBook Web Application - Summer 2018

- Internship at non-profit organization where I developed a web application for online, easy-access repository of devotional songs.
- Combined use of HTML, CSS, Bootstrap, JavaScript, JQuery, Java, JSON, MySQL, Eclipse, Tomcat, and Web Service
- Built analytics on data based on user interaction with the application.
- Intended to be used by members of the organization.

Mental Health Association of Orange County - Summer 2016 - Present

- From morning to afternoon every Saturday
- Help to cook and serve hot breakfast, such as pancakes, tofu, oatmeal, juice for people, who are mentally challenged.
- Prepare sandwiches and burritos for them to save for later

Scripps Memorial Hospital, La Jolla - Winter 2017 - Winter 2018

- Volunteered in Emergency Room 4 hours a week, readying the room for new patients
- Tended to patients needs and eagerly helped nurse if asked
- Helped move patients to other parts of hospital or discharge them

Huntington's Disease Clinical Research Center - Winter 2017 - Winter 2018

- Volunteered in clinical research, testing patients' reflexes and taking blood and saliva samples
- Worked in excel on data retrieved from samples and tests.
- Presented monthly data to rest of research group
- Public relations (Facebook and Twitter), updating the public on upcoming conferences

El Vaquero, Irvine High School's Newspaper - Fall 2012 - Summer 2016

- Have been on the front lines of the award-winning, nationally-placed, student-run newspaper, El Vaquero, at my high school
- Displayed social and leadership skills to enforce teamwork among the staff
- Designed and edited layout of pages and organized content placement.
- Broke down tasks and assigned them to the thirty members on staff, as well as mentored and trained new staff members
- Had responsibilities as front-page editor, cartoonist, and staff writer for news, feature, and editorial articles

Intern at Allure Dental Spa - Summer 2015

- Assisted the dentist with dental procedures and routines
- Cleaned up the room, replaced the tools that were used, and prepared the room for the next patient
- Helped with clerical work and organizing files

Awards, Achievements, & Interests

National Merit Commendation - I was placed in the top scoring category for the PSAT/NMSQT, based on selection score index. Have been on Principal's Honor roll from middle school until senior year.

AP Scholar with Distinction - Granted to students who receive an average score of at least 3.5 on 5 on all AP Exams taken, and scores of 3 or higher on 5 or more of these exams.

Calif. Teacher Assoc. Magazine - My Journalism team's Focus spread on "The art of teaching" won first place. The spread was published in California Teachers' Association magazine.

OCJEA & SCJEA - Received individual County and State awards for cartooning and page editing at journalism write-offs. Part of award winning team - second (2014 and 2016) and first (2015) at State level

National Honors Society - Helped in Community service such as SOCAL 1/2 marathon, Quiz bowls, Alzheimer's walk, and beach clean-ups. Also tutored students in advanced math and biology and attended seminars.

Art Awards - Won the Honorable Mention award in the County for 24th Annual John Wayne Airport Student Art contest. Won 1st in County and Honorable mention in State.

JEENA - JEENA is an organization dedicated to help children with developmental disorders. I played Indian drums (Tabla) for a program to help the fundraising cause.

Sitaare - Bass and soloist at UCSD's South Asian Acapella team, Sitaare. Have contributed to the team winning Best Choreography, Best Song Arrangement, and 1st place at a competition at UCLA, as well as, competed in Nationals in Chicago. Placed 4th in the nation among 30 teams.

Art - Extremely interested in drawing and painting, which is an interest that carries over to my front-end coding skills and creativity. Started drawing when I was a toddler and enjoy sitting down with a paintbrush in my hand hours on end to this day.

Music - Trained in Carnatic music (South Indian Classical music) and playing the Tabla (North Indian drums). Have been learning both art forms since I was six. Music is my stress-reliever as well as one of my many passions.
